

Technical Bulletin - Dynaseal Vacuum System

Dynaseal Vacuum System: TRVX 657/1-C/A3 with a 20 HP, 1750 RPM motor

Application: Wood Impregnation

Design Conditions: 28" HgV (65 mbar) @ 250 ACFM (425 m³/hr)

Sealing Fluid: Diesel Fuel

System and LRVP Construction: 316SS

Common Applications: Pharmaceutical Production, Chemical Recycling, and Battery Manufacturing
