

Why more and more customers are switching to the *Vmax* system:

- ✓ The only system on the market with a **full 3-year warranty!**
- ✓ Patented, **high-efficiency DX-5 separator** eliminates oil carry-over concerns.
- ✓ Rugged, **high-quality, industrial system**, offering years of **trouble free operation**.
- ✓ **Extended-life seal-fluid** is not used as a lubricant. Change interval is not critical, resulting in a minimum of **10,000 hours of continuous operation**.
- ✓ **Direct drive at low speed** (1750RPM) eliminates the use of V-belts, resulting in very **low maintenance and zero downtime**.
- ✓ **Extremely low operating noise** level makes this system desirable in today's workplace.
- ✓ **Continuous operation over the full vacuum range** without overheating.
- ✓ **Carry-over** of soft solids and/or minimal amounts of liquid **does not cause damage** to the internal parts of the pump.
- ✓ **Electrical control panel** is **standard**.
- ✓ **Air-cooled design** is **standard** with water-cooling available at no extra charge.
- ✓ Now available with optional **Variable Frequency Drive** resulting in lower power consumption.

Performance Characteristics

Nominal capacity: 550CFM
 Motor: 50Hz/22kW/30HP - 60Hz/30kW/40HP
 Speed: 1450/1750RPM
 Maximum vacuum: 29"Hg/982mbar
 Weight (approximate): 841Kg/1850Lbs
 Maximum gas inlet temperature: 212°F/100°C
 Maximum noise level (at 3 feet): 78dBA
 Oil capacity (approximate): 64Ltr/17 GAL
Performance based on atmospheric pressure equal to 29.92"Hg - 1013mbarA
